The New York papers speak encouragingly of the result of Secretary Sherman's arrange-ments for resumption. The *Herald* says resumption will be completed by October 1st, so that all that takes place on January 1st will be merely formal, but in our market depression and heavy rains brought only duliness yesterday. Money is so abundant that some of our banks are effecting loans in New York, so little is wanted here even at 8 per cent. that idle funds are not taken up. Exchange has continued to be active. Exchange quotations remain at 14 discount buying, and Orleans buying at & discount, and selling at par. The New York Herald, of Friday, reported: "Money on call was active this morning at 7 per cent., but toward the close the market became easier, and call loans were made at 5@6 per cent. The following were the rates of exchange on New York at the undermentioned cities to-day: Savannah buying, 1-16 premium; selling at & premium. Charleston scarce; par; 3-16@ & premium. New Orleans—commercial, b; bank, par. St. Louis, 75 premium. Boston, holiday, and Chicago, par. Silver in London has fallen to 53% d per ounce. At the New York price the bullion value of the new silver dollar is \$0.9137@0.9160 gold." The Chicago Tribuue says that in that city trade is good, but banking is bad; there is less credit ousiness doing, less speculating on fewer open accounts, and banking capital is abundant. The New York trade returns for March are disappointing. The imports at New York, which does almost all the business, were

Taken at the best, however, the war aspect is not a pleasing one and hostilities may break out any day. This throws an element of uncertainty into the future which interferes greatly with the interests of trade. The tables below show that our Memphis stock of cotton has largely decreased. We had 60,000 bales at the opening of March, we have now but 33,000 and buyers begin to complain of limited and undesirable offerings.
